⑤ Put Door Panel (I & K) between the gap of the Slide , Use Screw (5) to install the Wheel bracket(8) to Door Panel (I);

6 If you want to install the cabinet on the wall, please refer this instruction;

Mounting Cabinet Installation - Due to the various wall construction methods, it is up to a professional installer to secure the Wall Mounting Board (K) to the wall with the proper fasteners and/or anchors as required by the wall construction at the desired mounting location. COE does not take responsibility for safe, proper fastening.

To Hang Cabinet - Position cabinet so that Mounting Board (L) is above Wall Mounting Board (K), and lower cabinet until Mounting Board (L) and Wall Mounting Board (K) lock together.
